BATHROOMS

Niko Bathrooms is part of the UEL Group which has been distributing plumbing and heating products in Ireland since 1983 from our distribution center in Tallaght, Dublin 24, just off the M50.

We supply the plumbing trade via a comprehensive network of Plumbing/ Heating Wholesalers, Builders Merchants, DIY Stores and Bathroom Showrooms throughout Ireland. Members of the public looking to purchase our products can do so via their local builder's merchant or bathroom showroom. A list of which can be found on our stockist page.

Our diverse range of designs are sourced from leading International manufacturers and are produced to the highest standards.

Our bathroom collection contains an extensive range of durable yet refined ceramics, shower enclosures, and trays, alongside stylish bathroom furniture, taps, shower valves, and accessories. The Niko Bathrooms collection of contemporary and traditional designs offers individuality without compromise on style or quality.

The success of the Group over the past 30+ years is based on high levels of customer service throughout Ireland, backed up with product quality from an extensive range for every plumbing and heating project.

The knowledge of our sales team is second to none and between them, they have amassed over 250 combined years' experience in the plumbing industry in Ireland. Our external sales people cover the 26 counties on a regular basis, supported by an internal sales and distribution team who ensure that orders are speedily assembled and dispatched. Normal delivery to most areas is a next day service.

# FURNITURE

A combination of different shapes, new designs and materials gives rise to new aesthetic creations. The new Niko Bathrooms furniture range offers style and function, allowing you to create a multitude of stunning designs.

# NEW TECHNOLOGY ENHANCING DESIGN

## ROCKLITE

Look out for our  
RockLite Symbol

### INNOVATIVE WASHBASIN PRODUCTION ADVANCED TECHNOLOGIES

The innovative thin walled ceramic technology create beautiful, visually light products, which are still extremely durable. With this technology products are designed, sporting unique features that would not be possible with traditional technologies.

#### ROCKLITE

THIN EDGE

MODIFIED GLAZE  
suitable for the thin edges  
of thin-walled washbasins

CERAMIC MASS  
WITH INCREASED PROPERTIES

Creating unique looks with ceramics is possible thanks to the use of modified mass, which provides greater durability.

The mass is less susceptible to deformation when heat-treated, and is much more durable.

The new development of a modified type of glazed is ideal for the thin edge of thin-walled washbasins. It ensures a perfect coating every time, giving the ceramic surfaces a smooth and evenly white finish.

The washbasins made using the new material feature thin edge, are extremely durable and resistant to impact, as well as being easy to clean. They are also much lighter than traditional washbasins.

ADVANCED TECHNOLOGIES

# NEW TECHNOLOGY ENHANCING DESIGN

## AQUASAFE

Look out for our  
AQUASAFE  
Symbol

AQUASAFE boards are denser than regular boards, with the fibres being filled with a moisture proofing agent featuring anti-fungal properties. AQUASAFE boards have better absorption and swelling properties than traditional boards.

Standard board

High-density board,  
reinforced with a special  
glue and containing an  
anti-fungal agent

#### EFFECTS OF MOISTURE

Moisture causes standard boards to split and swell

AQUASAFE boards  
do not change their properties,  
even in high moisture environments

#### AQUASAFE INCREASED MOISTURE RESISTANCE TECHNOLOGY

Compared with the materials used in traditional furniture, AQUASAFE boards do not split or swell when in contact with the moisture present in bathrooms. This makes them more durable and stronger, so that the furniture remains in perfect shape for years.

ANTI-FUNGAL AGENT  
to reinforce the fibres

INCREASED DENSITY  
thanks to the use of a specially  
modified glue

## TAPS

Taps are chosen specifically to complement your choice of ceramics. Choose from traditional, minimalist or designer branded, all manufactured to the highest standards to ensure longevity.

# SHOWER VALVES

It's often what's hidden behind the finish that makes all the difference. All of the valves in the Niko Bathrooms Collection have passed stringent tests for quality and all work in harmony with our Brassware Collection.
