

The Select Compact is the ultimate in radiator design

It uses a 33 mm pitch, which our years of manufacturing expertise and research have established to be the optimum design for a Compact radiator. The Select Compact delivers impressive outputs whilst using a low water temperature.

- Available in single convector type 11 and double convector type 22, both with factory fitted top grille and side panels as stated
- There are five different heights ranging from 300 mm to 700 mm.
- We offer lengths from 300 mm to 2400 mm.
